The transaction was completed in Bangalore on **October 14, 2005**, when the first meeting of the newly constituted board was held.

Describing this as a significant milestone towards establishing the Medreich Group as a large manufacturing and marketing based pharmaceutical company, the three promoters, **Mr Rajeev Mehta, Mr Keith de Souza and Mr CP Bothra** in a joint statement said, "Temasek's investment has come at an opportune time in the growth cycle of the Group and will enable the Group to further strengthen its fast growing branded generic business in key geographies in Europe, Far East Asia and Africa. Temasek will provide valuable strategic networking, adding significant value to the business model by way of opening up opportunities in various South-East Asian and North Asian regions."

The funds are likely to be used for expansion of manufacturing facilities in India and new markets such as France, Spain, China and the Far East as well as Latin America and Africa.

Mr. Tan Suan Swee, Managing Director of Investments, Temasek Holdings said, "The Medreich Group has significant strengths in formulation of pharmaceutical products. We look forward to working with them as they embark on the next phase of growth expanding overseas."
