SINGAPORE (S&P Global Ratings) July 25, 2018--S&P Global Ratings today assigned its 'AAA' long-term issue rating to a drawdown by Temasek Financial (I) Limited under its US\$20 billion guaranteed global medium-term note program. Temasek Holdings (Private) Limited (AAA/Stable/A-1+) fully, irrevocably and unconditionally guarantees the proposed bonds.

The proposed bonds will have a tenor of 10 years and mature in 2028. Temasek Financial (I) intends to provide the net proceeds from the issuance of the T2028-USD Temasek Bond to Temasek and its investment holding companies to fund their ordinary course of business.

The rating on Temasek reflects the company's strong portfolio assets, above-average investment capabilities, minimal leverage, and our view of an extremely high likelihood of extraordinary support from the government of Singapore (unsolicited rating AAA/Stable/A-1+) in case of need. Tempering these strengths is an increasing proportion of unlisted assets, which weigh on the investment holding company's net portfolio characteristics.

The stable outlook on Temasek reflects our view that the company's close relationship with, and hence, the likelihood of extraordinary and timely support from, the government will remain intact over the next 24 months.
