Forward looking institution

We act with integrity and are committed to the pursuit of excellence.

Trusted steward

We strive for the advancement of our communities across generations.

We have a long term investment horizon and because we invest off our own balance sheet, we are not constrained by 'fund life'. As an owner investor, we are mostly invested in equities but do not set limits for geographies, sectors, or asset classes. Our investment activities are guided by four investment themes and the long term trends they represent:

Transforming Economies

Growing Middle Income Populations

Deepening Comparative Advantages

Emerging Champions

Our global portfolio spans a broad spectrum of industries: financial services; telecommunications, media & technology; consumer & real estate; transportation & industrials; life sciences & agribusiness; as well as energy & resources.
